Pro Shop Deck Extension

Many thanks to Derek and Robyn Christie of Christie Contracting, their staff, family and friends (Kay and 'Flea' Christie, Larry Gill), who took time away from their regular jobs, working after hours and into late evenings to ensure that our project could be completed A.S.A.P.

The enclosed addition, enlarged deck, and expanded 'fare-way' hut menu will allow us to better serve our membership and golfing public.

2009 Club Champions

Ladies	Sandi Sisko
Men	Brian Acton
Sr. Men	Frank Yakabuski
Junior	Thomas Forsyth
Couples	Freeman and Celesta Coblentz

Course 'Face Lift'

Plans are underway to make some changes to the golf course. The guiding principles for these changes, both short and long term are: playability for ALL, challenge and excitement, affordability, speed of play, aesthetics, walkability and carts, environmental responsibility and sustainability.

David L. Moote of R.F Moote and Associates Ltd—Golf Course Planners and Architects (offices in Toronto, Calgary, and Montreal)—has been hired to help plan and advise on our 'facelift'. Mr. Moote's firm for the past 20 years has been involved in over 200 golf course renovations and new golf course construction projects in Canada, U.S., the Caribbean, and Asia. Some of his 'local' remodeling and new build projects are: Saugeen Golf Club, St Mary's, Listowel, Guelph Lakes, The Oaks of St. George, Savannah Golf Links, and Owen Sound Golf and Country Club. Mr. Moote's father, Robert, had a significant role in the planning and design of Chippewa with Robbie Robinson in 1962-63.

The planned changes are currently being finalized and will be made public within the next few weeks. Most, if not all of the construction, is expected to be completed this fall.

Up Coming Fundraisers

Help us support our community by supporting the following tournaments
